The Premises:

standard south kensington place, easier to get to from gloucester road imo

The Lady:

stunning south african blonde, look at her pics and assume she looks far, far better and you might be able to get near what she looks like

The Story:

on arrival the maid had to kick her out of the bathroom as i had a full bladder and as soon as i glimpsed her i knew this was gonna be good

so back into the room and she joined me and jumped straight onto me, full fat gfe from the get go, she undressed me but thankfully allowed me to get my own shoes off and then pushed me down on the bed

after a sumptuous blowie she asked if i wanted to return the favour, so we switched positions and with the help of a few fingers, my tongue and her hip grinding we were able to achieve the desired result

then she jumped back to my cock and my finger went searching for her back passage, after a bit i told her i needed to get inside her - she looked up at me and asked if i thought it was gonna fit and i told her "where theres a willy theres a way"

anyway she took it up the back passage really well and before long i was exploding

after this we sat down and had a brief chat about cricket, high profile paralympians and the roses divide and then she did the unexpected

at this point many girls i have met will attempt to fill the remaining time (about half an hour i might add) with chatter to wile away the time but after a quick chat her hand went searching form my cock again, after she got me standing to attention again she jumped on top and we both had a cracking time, however i was unable to cum a second time owing to earlier gym exertions even though adele wanted me to cum in her pretty (she said filthy) mouth

i have met laura, lara, ella and karolina at this establishment, but adele is the best i have ever met her, no word of a lie

just wow
