The Premises:

Easy to find, clean and safe with good security, easy parking, handy for Cab office, which is next door.

The Lady:

Small and petite, not the curvy I normally go for but certainly not ugly. Told me she was Greek, definitely had a Mediterranean/ Latin look. Late thirties/ early forties (had a few wrinkles round her eyes). Had short black curly hair.

The Story:

This is my first field report, and I am doing this as I don't want anyone else to go through the experience I have just been through. This lady clearly hates the job, and without a shadow of a doubt was the worst punt of my life.

Clearly doesn't like to be touched, and everything was robotic. She made it clear from the outset that there was no OWO or kissing, this I respected, but she also forgot to mention that she doesn't also like her tits to be touched. (In fact it's best if you don't touch her at all). Paid an extra for cunillingus, this lasted all of two minutes and her legs didn't open than wide.

After the cunillingus experience on when the Johnny onto my semi erect cock and I got the 'lets see that spunk chat?'. I find it very annoying when you pay for a certain length of time and a girl is telling you to come almost immediately. I can quite understand if it gets towards the end of the allotted time and how much is left, but the 'come on, let's see that spunk' chat five minutes into a half an hour appointment makes for an unsatisfactory punt.

Left 10 minutes even though I paid for 30 minutes, I shall not be returning.
