The Story:

She started off badly demanding the money which I had already put on the table for her. Then no FK, no OWO, no 69, and after some doggy she got up and walked off complaining she was too hot to carry on. She had a shitty attitude but saw I was pissed off so she tried to make things a bit better then, and did the job eventually - so in the end she was as good as a quickie in a walk up I suppose, but she is not of the quality to work for an agency.
