The Premises:

A comfy bedroom in a simple flat. Easy to find and very safe good communications so always knew where I was going. I had a shower very hot water and lots of lovely soapy stuff.

The Lady:

Chantelle met me at the door in a skimpy bra and knicker set very sexy. She is blonde her pussy has no signs of a brunette I took particular care to inspect it at length. She is a petite woman who has a pretty face small breast and a cunt to worship Her lovely skins wants to be stroked

The Story:

We stood and I stroked, Chantelle was relaxed and knew what I wanted. A long slow blow job whilst I licked her fanny. Her skill is in simple vanilla sex from sucking to fucking with condom, sucking without. She rode me with a very tight pussy and friction that meant I really wanted to cum. I opted like a boy to cum in her mouth and snowball. This was done and I shuddered. The talk was constant she likes the parks of London and walks a lot. Her body is testament to the effort. She does not allow fingers into her cunt so I was happy to massage her clit with the spit from my mouth and the gel from the sex. I know I would cum again and I just savoured watching her pretty face and let the brain do the rest. I could have cum twice but decided I would just pull myself off as she massaged my balls and I looked at her body. I left with a real smile and the thought that sex is a lovely thing.
