The Premises:

A very pleasant flat. A concierge at the entrance but easy and safe. I've visited a few times and I have never worried about the entrance. I also smile at the concierge or is it a smirk

The Lady:

Lucy is the fantastic girl next door that I was never fortunate to fuck. I have looked at her profile and visited other girls here. Now the real large breasted, long haired brunette was standing in front of me. I would like to say that I just put her on the bed and fucked her..... read on.

The Story:

I am very torn between pse and gfe. When Lucy had sucked me off and snowballed, after prolonged 69 and a lot of play with her tits and fanny whilst she sucked stroked and licked on my cock. I sighed and drank the coffee so thoughtfully provided. Her breasts on a small frame are such a sexual stimulus for me I thought a massage face down would quell the riot in my balls. No such thing and when the dildo slipped into my arse and she fucked me slowly I experienced knew anal heights. Her whole manner and smile meant that my pleasure was complete. A question 'do you want me to ride you?' told me she thought about getting me off. She offers a lovely pussy to lick and massage and gets wet as fingers slip in and out. The final few drops of spunk surrendered to her marvellous character as I awkwardly tried to cum on her, the feeling was fantastic. No clock watching no hurry just fun. I have been fucked at this flat a number of times and all splendid. Lucy is superb and I will return.
