### The Premises:

Safe, clean flat on a side street very close to Edgware Road station. Parking could be a problem as the most of the street has bays for residents only at all times.

### The Lady:

Looks slightly older than in photographs but it is definitely her. Nice bum, pert tits.

### The Story:

I should have left the moment I tried to hug her soon after I entered her flat and she did her best to keep her distance. She asked me if I would like a shower and I did. When I got out of the shower she ushered me towards the bed and started to take her dress off. I asked her to keep it on and before I knew what was happening she had taken a condom out, put it on me and she started to give me very average blow job. I tried to slow her down and give her a kiss, she firmly kept her lips together and kissed me on the lips. I asked her if she kissed, she said "yes" but that was the most she kissed me.

Overall it was a very mechanical and rushed experience. When I eventually did cum I was debating if I should stay to get my moneys worth or should I just leave, she made it quiet clear there would be no round 2 so I left and after a brief chat with her I was out of her flat less than 30 minutes after I had arrived. If I had paid ?50 for that I would have been upset let alone ?200.
