The Story:

So my first time at a party quite a surreal experience but I had alot of fun. I think tere was onl 10-12 guys so it was not full.

The Good

The place is like visual and physical rollercoaster you have these really hot girls everywhere sucking and fucking and moaning they are all really nice and even at the end of the day (I went to the 7pm party) they still seemed to be enjoying themselves. I do think though that going to the earlier one can only be better the girls just have to have more energy at 1pm. the apartment was nice and the girls would always welcome me into play when i was standing around. sometimes i just like to stop and watch as at times i just was overwhelmed and did not know what to do

The Bad

This is really not a bad more just an observation my entire time was alot of fun and i would easily return but i want to be honest about everything. As a newcomer i felt the constant pressure to be doing stuff a little much now that i have been once i think i would handle it better but i found it intimidating to be pushed all over the place to the point at times I was not sure what i was doing.

I think the guys that had been before were just aware of themselves enough in the environment to know what to do and i was learning and that had its part to play.

I managed to cum 3 times with the blonde who's name i do not know OWO me to completion, Nicole fantastic tounge who along with jewles gave the best BJs and doing Nina tight butt doggy man the view of her tiny little but is great. Amber almost got my 4th at the end but alas it was not meant to be.

Next time i go i want to do more fucking i think my nervous got to me whenever i would do intercourse (covered) as most time i lost my erection which was weird never happened to me before but i put that down to nerves. In a weird way now i have done it one i think next time knowing what its about i will enjoy it a lot more.

Thanks for a great time to all the ladies and folks and LMK great idea and a great time to be had.
