The Premises:

Described by Samantha as resembling a cold war block of Moscow flats, once inside the apartment is smart, modern and comfortable. There is parking available in the adjacent residential street, and you don't feel you are being observed as you approach the flats.

The Lady:

Tall, very attractive with shoulder length brown hair, long legs, a bum to die for and firm, full natural breasts. In her mid thirties Samantha offers a toned size 10/12. She is intelligent, friendly and personable, always scrupulously clean and requires her clients to be the same. She always practices safe sex which suits me fine.

The Story:

Samantha likes to take control of proceedings which suits me fine, as sexually I am quite submissive. She is experienced at what she does and has an unerring ability to provide exactly the right stimulation at the right moment for maximum pleasure. Without going into great detail Samantha has a small collection of 'boys toys' and knows exactly how to use them to maximum effect. In conclusion if you want a straightforward service then Samantha is eminently qualified to provide it, but she excels when it comes to experiences which are, how shall I put it, less vanilla. In conclusion she is certainly not a dominatrix, but she can and does offer a very naughty girlfriend experience very much on her terms. She is at the top end of her trade and an altogether delightful woman.
