### The Story:

I was a bit nervous following two previous unfortunate punts on "the other website". She immediately put me at my ease with a kiss, stripped off to show her beautiful breasts and gorgeous shaved pussy.

I was then invited onto the bed and with some more kissing and and copious attention to my cock and balls. I then returned the complement as she sat on my face. She definitely enjoyed it and judging by her shudder at the end she either came or came close to coming. I then invited her to go down on me slowly starting with my tits which she did ending with a slow teasing cim. This was followed by some cuddling and a little more kissing. whilst I was dressing she also demonstrated a great sense of humour.

This was a really good experience that leaves you feeling good about yourself with a lady that has the looks, personality, sexual technique and a refreshingly good sense of humour.
