The Premises:

First time at Annabellas. Three floors of whores in Central MK. The Maisonette looked a bit scruffy from the outside but the bedroom was clean, warm and well-equipped. Plenty of paid for parking nearby

The Lady:

Just like her photos. Very pretty, absolutely tiny figure, outstanding bum, pert enhanced boobs. A few tats here and there.

The Story:

Great fun from the word go. Millie is very outgoing. She arrived to find me draped sexily on the bed (fully clothed) and once we'd sorted out the money, she threw all her clothes on the floor and told me to get naked with a great big grin on her face.

Millie uses her great big grin a lot. She's a genuinely warm and funny person and it really makes the punt fly along.

We started out with some dfk. Now I like kissing as a prelude to sex, but WG's (if they do it at all) tend to keep the dfk to a minimum, even if they advertise it on their profile. Not Millie. If you want your face snogged off like a teenager behind the bike sheds, Millie's your girl. Now Millie's got a fantastic pussy and I wanted to put some work in down there, but as I came up for air and started moving my lips down her body, she said "Not now. Not yet. Keep kissing me. I fcuking love kissing". So we kissed on and guess what? I love kissing Millie too.

Eventually, all good things come to an end and I moved down to give her pussy some attention. I must have been down there for about twenty minutes and Millie rewarded me with two or three deep climaxes. Her pussy is really full and it tastes great - just like pussy used to when I was a teenager! Duty done, we got the cloak on and had a fun session of face to face anal, with me skidding about all over the place on the very skiddy sheets and loads more tongue pie until I came to a groaning climax. After a really pleasant bit of chat, round two. We had sex in various positions culminating with me unloading into a more-than-willing Millie's mouth and us snowballing my load before collapsing in hysterics (Millie is v ticklish).

Summary: I don't get the whole wig thing. Perhaps Millie's bald, who knows? What I can say with total confidence, is that Millie is an outstanding and highly entertaining companion. Great figure,

great appetite, great attitude. I'll be back on Friday!
