The Premises:

Apartment on the ground floor with a discrete entrance. Her room was clean, but the bathroom floor was wet and not particularly clean.

The Lady:

Girl in her mid twenties. She is not as firm and tight as she appears in the photos on the web site.

The Story:

I was really excited about this date after reading all the good reviews and comments about HOD. I got to the place on time but I had to wait for about 15 minutes before she came into the room, I guess it was because it was a Saturday afternoon.

We went through the usual, french kissing, owo, oral on her, missionary until the first pop. We took a break before the second round, where we were on 69 for a hand job until second pop.

The services were ok, but as I said, she was not the beautiful slender girl that appears in the photos. I think the photos are her but when she was younger.

After I finished, I was rushed to the bathroom so I could change and leave.

In conclusion, the girl was not as cute as the photos show and the services were provided but I was all rushed.

I won't say it was terrible, but it was not the kind of service I expected after all the good reviews given by other people.
