The Premises:

First time I have been back to Annabella's since they have moved from 25 North Street to their new location.

I found the area to be discreet, private and all in all safe location. Due to the time of day, the area was more busier than normal.

I was a little worried because when I arrived another punter was ringing their bell so I had to continue to walk up then back ground again for discretion.

The Lady:

This lady has a flawless body, I could not fault anything on her even if I was being very critical. She is a complete and utter knock-out.

The Story:

I have not been back to Annabella's for nearly two years due to personal and professional commitments, however one day I found myself on the HOD website, looking for someone or something special, I viewed Scarlet's pictures and her FR and decided to book this enchanting lady.

I was a little worried going to the apartment because the car park and area was packed, when I approached the entrance there was another punter waiting to be let in so I had to walk around the block again for discretion. I eventually came back round again and can see the place was very busy, "looks like mornings are very busy, need to keep a mental note of that for the future" the lovely maid let me in and put me in a nice, clean, safe room where I waited for Scarlet.

I was informed beforehand she is running a little late, however it was only a couple of minutes and I got all the time allotted to me.

I opted for a sensual GFE with mutual kissing, caressing, o.w.o "Please note this is at her discretion", Scarlet far exceeded my expectations, her northern accent made me go weak at the knees, she is a gorgeous, stunning, lovely lady. I feel honoured to have experienced such a delight.

Wonderful company, stunning looking and a very high level of service.
Easily one of the best experiences I have had at an establishment.

Thank you for a great time Scarlet.

Please be kind, gentle and respectful to this lady, she is one in a million. I hope all the girls that work at this establishment are up to the same standards with this Angel of the North.

If you are reading this Scarlet I was the one that had thing for women who come from the North, especially the accent, Loved it !!!
