The Premises:

Brooklyns is nice enough. Not Sandy's but not bad. The particular room was decent and a good size, usual things in there. Radio too loud.

Prices have recently gone up £5, FYI

The Lady:

About 5' 3". Small tits, even though they've been worked on - scars from the surgeries on both of them. Nipples work well though. Pretty enough face, but mostly hidden by her hair. Braces on her teeth at this time.

Body looks like the pictures on the web site, caveat on the boobs as above.

The Story:

She came in as I was drying off after a shower. They weren't busy, so we were ahead of schedule - always a bonus. She's not from the UK, but I didn't ask where (my guess - Eastern Europe somewhere).

She had me lay on the bed face down and dried me off and then rubbed me with her tits, which was nice. Moved along to some OWO - very good she is at that. She did not remove her shoes - big turn off for me, nor the last bit of clothing. Meh.

I said I wanted to lick her, which I did. She relaxed during that and seemed happy enough. When I finished she was more animated and rubbed my dick over her pussy and was generally more upbeat. Cover on and finished with her on top.

Not in my top 5 punts, but not at the bottom either.
