### The Premises:

As usual. The establishment is well-appointed. A slight down-turn to the quality of girls recently working, but gladly enough, this lady met all of my expectations. My only quibble about the place is that they need to sort out their showers – each one I have been in, the temperatures are variable and obtaining a consistent comfortable warmth is relatively impossible.

### The Lady:

Victoria was a buxom Polish lady about 30 years old. Although she sported an enhanced bust, one could hardly tell and this was certainly one of her major assets. Her OWO technique was also excellent and kissing was not an issue for her, however prolonged. An affable, good-natured girl, who proved professional and sensual in every respect.

### The Story:

Having experienced a sub-standard service recently at this establishment, I contemplated a slight approach, to evaluate the services if more money was proffered. Therefore, I opted for the 1-hour GFE service, which came to 130, a standard enough price that one would pay in the capital. I find it a bit pricy for what it is, but it certainly demonstrated to me that venturing more money appears to guarantee a better range of services.

This girl was hyped up highly by the receptionist and she seemed to be popular enough. I took the plunge and was pleasantly surprised by the encounter.

Refreshingly, this girl did not appear to be a clock-watcher and was willing to indulge in any request. More than once was not an issue and a shared-shower was also apparently appreciated. She didn't quite see the funny-side of things when I attempted to dunk her under the cold water, but the mutual washing and body-to-body bathing was an added, and thoroughly appreciated bonus. Naturally, the inconstant temperature spoiled things once it became too hot for Victoria and she dived out declaring it too hot, which it was, to be fair.

Everything was available, except for A, but what was performed was done with an agility, wholesome lack of abandon, and without any pretentiousness at all. No rush, no pushing away, no quick-fire service, no extracting herself early and a mutual self-satisfying time was had by both. This girl certainly requires high recommendations. I applaud all of her services, her energy and her excellent physical appearance.

My only qualm was that she became a bit too open about her personal life, informing me of issues and circumstances in her personal life. Although I don't mind being quizzed about myself, I would prefer not to know anything specific about the girl, as it could easily shatter any elusion. Some may like this, but I lean towards the neutrality as much as possible and without some significant instigation on my part, Victoria may have been happy to chat for some time! Let this not be a negative though, as she is much worthy of visiting and I give her my full endorsement.
