### The Premises:

A house in Bedford near the town centre. A multi story car park around the corner. Always a little chaotic in the hallway but rooms are large with a double bath and a big bed. The house is in a good part of Bedford and fairly discrete as there are no other domestic houses on either side

### The Lady:

A typical Thai girl. Long black hair , fairly short body,small breasts,long nipples, lovely smile. Stops talking only to laugh,scream or suck your cock.

### The Story:

I have been coming here for nearly a decade but have never filed a report before because it is usually neither great nor poor. I use this place when I have been on an extended work binge and need to soak and be pampered but am not too bothered about great sex.

Noi gets a report because she bathed,pampered( she will cut your toe nails for you ) and cosseted me then she fucked me into nirvana. She licked me all over then interspersed kissing with owo and vigorous rubbing of my cock to make me come. Then she started again with the added gentle manipulation of my anus with tongue and finger before riding me.

After the second climax she turned around and put her bottom an inch away from my face and started again. " You want my bum bum " she said and wiggled it. I started to rub her with a finger in each hole and she sucked my cock back to life. She put a little vibrator next to my anus ( not inside just rubbing the outside ) just as foxy from Milton Keynes does. She kept talking about fucking her bum bum and turned the vibrator on to fast. She rubbed my cock onto her nipples and I had one of those orgasms that are so good they hurt.

Time was up but there was no rush and she washed,dried then dressed me. I left ready for another 20 hour battle with the canvas.
