### The Premises:

New build flats in a nice area. I parked down the road in a free parking area. Nicely decorated bedroom with an en-suite bathroom.

### The Lady:

As you can see from the pictures on the web-site, Amber is well-fit. She has piercings through her nipples and a few tats. She is shaven down below.

### The Story:

We got on like a house on fire. Amber has a lovely personality, with a good sense of humour. I explained what I like and she was happy with that. She started by giving me an oily back massage with some attention to my delicate bits. I turned over and she massaged my front while I fondled her gorgeous bod.

I then orally explored her lady parts. She really enjoyed that and there was a puddle on the towel by the time I had finished. I washed my face and then she climbed on top of me for some covered sex, while we kissed and cuddled and fondled each other. Amber doesn't kiss with tongues, but it was still very nice.

I asked Amber to lie by my side, so that I could cuddle her and fondle her while I finished in my usual way. I made a bit of a mess!
