### The Premises:

Much has already been reported about this establishment. Fucntional place, rooms nice.

### The Lady:

Early 20's, but could pass for late teens, petite, blonde/brown curly hair. Very pretty.

### The Story:

I had visited this girl about a year ago and just called on the off chance that she was still working there. My luck was in, as she was just coming down the stairs. She actually remembered me, which was a very nice touch from, who I am sure, is a popular girl.

In the room, she was very chatty, nice kisses. A half hour very well spent on a Monday afternoon.
