The Premises:

It was a flat in the Chelsea Cloisters, so a really big block with a concierge/front desk. Pretty safe. The flat was small and the window was facing other flats in the block so she kept it shut and the curtains drawn. Kinda made the flat a bit too hot.

The Lady:

She is absolutely gorgeous as the photos would suggest. The photos are toned up and glamourised, but she is no plain sight.

The Story:

I've seen her in the past, when she was a little more willing, e.g. she would do OWO. but now she says she doesn't do that anymore. Also while she still has her sexy demeanure like pressing herself against you and kissing, she's not as playful. Like, once things get going, she just didn't seem into it anymore, she just didn't bother put any effort in. May be she was just having a bad day.
