### The Premises:

She lives in a quiet residential area about a 15 minute walk from the station. Small bedroom.

### The Lady:

Looks like her pics, very attractive, slim, with a great set of natural tits. Sadly the compliments end there.

### The Story:

Looks like her pics, very attractive, slim, with a great set of natural tits. Sadly the compliments end there. She made a comment about how she was watching a film when I arrived and muttered something in Romanian to her friend as we went upstairs. Her friend is also attractive, but I'm not going to return to find out if she is any good.

I did not pay extra for OWO (even though when I had text her earlier in the day asking if OWO was extra she said it was and was £20 - to which I would have refused, bit strange that), she did it without asking but she said she didn't kiss. Clothes off right away but she refused to remove her knee high socks saying she doesn't like her legs - they seemed perfect to me? Told me to lie down and she proceeded with OWO... for about a minute before saying lets fuck. Bit of a disappointment there but I went along, she came on top and rode cowgirl... for about a minute before getting off and asking me to come on top. In her view since I'm the punter I should be doing all the work, not her. So basically the rest of the punt she was either on her back or on all fours as she did not want to do anything that would have her exert energy. Tried to get me to finish and out the door within 30 minutes saying time was up even though at the start she seemed keen on prolonged sex lasting the full hour. Decent covered BJ but kept stopping after a minute or two asking if I had finished. Not much for conversation, in her words: 'no talking, only fucking'. I left after 50 minutes as I didn't want to stick around after I finished.

She's probably worth a visit if you're only after a
