The Lady:

One word: photoshop

Barely resembles photos, quite a bit heavier than the photos suggest, saggy breasts, terrible hair, bad breath. I asked for her to be dressed in a bikini and she wasn't. She was dressed, very obviously, to cover up what was underneath.

Once again, I should've walked but was stupidly optimistic.

The Story:

Another word: Terrible.

I was instantly hard mainly I was so horny I thought I could've shagged anything. She then put a rubber on and started OW. Wasn't too bad to begin with but then the perfunctory fake moaning started. In an almost robotic fashion she then applied some lube and lay on her back inviting me "in". I tried to kiss her but was told "no". Within a minute or so she was dry and I could bare move.

As a last resort, I asked her to finish me off with oral but I just couldn't get going, so I told her it wasn't working and dressed and left.

Maybe she's the right type for some others but she's not mine. The photoshopping is really, really, really annoying.
