The Premises:

This parlour has been described many times before, and it remains one of the most prestigious establishments in the neighbourhood. A rather busy Tuesday afternoon meant a bit of a wait. Room 1 still has a broken shower door and the temperature fluctuates, which is something the owner certainly needs to address.

The Lady:

Meegan is a lovely lady, perfectly described on the establishment's website. A quirky accent adds to an intriguing personality. Her enhanced bust is not disproportionate to her figure and she clearly has strength, as athletically displayed in her energetic massage.

The Story:

I wanted to compose this field report, as Meegan categorically deserves high praise for her excellent interpersonal skills, and I can only reinforce the compliments my fellow punters have already proffered. A sensual touch, with a gentle kissing preference, all were surpassed by an exquisite owo technique. That alone deserved the money in its entirety. A girl with which any man would thoroughly become enamoured extraordinarily quickly. GFE have a diamond in this lady and they should do everything in the making to preserve her, which they have successfully done for over two years.

However, that was not the main reason why I felt entirely gratified by this encounter, and I am writing this to attempt to explain to myself why this was.

Meegan is a very open, some may say frank, lady, who is not afraid to voice her thoughts. In many ways, this could be misconstrued as ramblings, perhaps arrogance, but Meegan has a genuine sweetness behind her, that it is impossible not to find appealing. I would like to say that there is a sort of vulnerability to Meegan, but that is not precisely the case. Meegan has an extreme professional conduct and displays herself in a very passionate way. Her enthusiasm, dedication and attentiveness to the client's desires, were all at the ultimate standard. There is something deeper with her though, and I was drawn to that inner sensibility. Meegan can perform, and does, her service admirably, but that is not where a man can extract a more profound level of intermittency from MEEGAN. To be sure, one can take much pleasure from this lady and one would be foolish if one did not engage with this splendid specimen of femininity. It was not essential to add Meegan to

my multitude of encounters, although I could not resist ultimately. I was bound though to a sense of protectiveness. She has apparently had some serious knock-backs through her life, and this very zest for championing her misfortunes is just another feature that can only be valued in her attractiveness. Do not interpret this though, as Meegan is a willowing petal, who seeks pity and sympathy from any man. Indeed, her openness and genuineness could be easily misunderstood, and is, from what she explained to me.

You need to take this lady for what she is, give her respect, treat her gently, and not view her as a beautiful lady, who is yet another tick on the tally chart. Individuality seems to be a key principal with Meegan and I would urge that you connect with that. I strove for that and felt a connection that was more satisfying than my carnal urges.

Perhaps this is only prevarication from a jaded man, possibly unjustified contemplations, and if so, then so be it. However, I think that with the correct approach, this lady could meet the physical and psychological needs of any man.
