The Premises:

In a very clean, relatively upmarket building, her flat is one of the larger ones I have been in lately. It is clean and well decorated and one feels relaxed and comfortable. A bit of a trek from the tube, but worth the effort.

The Lady:

As anyone can see from her photos (which are far more accurate than most) and her description in other reviews, Zizzi is a beautiful girl with a winning smile. Her body is petite and (thank god) her breasts are small, but natural. (too much silicone about, in my opinion). From the moment she opens the door until you leave, she is smiling and cheerful. If it is an act, she should win an Oscar.

The Story:

I had seen Zizzi before and concluded that one hour wasn't enough. Everything had seemed too rushed. So I opted for extra time, which was one of my better recent decisions (along with the decision to see her in the first place). We had time to chat and to make leisurely love and to experiment in a variety of positions and activities. Zizzi is not a PSE, who is nothing but sex; she talks and teases and adapts brilliantly to the wishes and the personality of her client.

It is this talent which makes her so special and has convinced me that she is the only escort worth seeing among the many Asian girls I have encountered recently who are still on the roster.

We started by drinking some red wine as she slowly undressed me and then led me to the prepared bath. Having been through this routine before, I was more than willing to accompany her. The bath is a sensual experience, as she slowly washes and gently massages all those "sensitive" bits with hands, breasts and lips. Did I mention her lovely breasts?

Then she dried me off and invited me to join her on her bed, which I did with no reluctance. Her BBJ is among the best I've had in some time, bringing back memories of some long-departed masters (or mistresses) of the art. She knows what works best to drive her client into a mild state of ecstasy, but I was determined to hold out for better things to come. First I returned the favour in an extended, delectable DATY, which she seemed to enjoy as much as I did. What a lovely pussy. Then we moved into anal, which she handles incredibly well considering her small size, and I spent a good 15 minutes enjoying every position the two of us could conjure up; not many girls can "ride a

bucking bronco" like she does. We switched over to the front, which I find more arousing, and continued, laughing and giggling as I pumped away. Finally, having exhausted virtually all the possibilities I could think of, she took my still erect member back into her mouth and, with deft use of saliva, tongue and hands, finished me off.

We still had a bit of time left, so she offered to give me a neck and shoulders massage before we had a shower, She used to be a masseuse, so her talents extend to this field as well.

All in all, had I won the lottery, I would have stayed there for a week and not had a single dull moment. Her English is far better than most Thai escorts and she has a winning charm and personality. Her face is lovely to look at, her body is absolutely perfect (did I mention her beautiful breasts?); her smile is captivating, and her love-making skills should win awards.

You can understand why she is so busy and difficult to get an appointment with. My advice to all you punters is: persevere. You won't regret it.
