The Premises:

OK block of flats. On first floor. Area is safe off Streatham High Road near the common. Flat OK and reasonably clean.

The Lady:

Is slender to the point of skinny with small breasts and a fabulous tiny bum, perfectly formed. Long black hair and only flaw is slight blackening to front teeth. Should see a dentist while she is over here (think she is from Hungary or Romania)

The Story:

Yet again I was a bag of nerves and I'm going to stop going if this doesn't improve. Part of the nervousness was that her profile said she did bareback. However, she told me that she did this to satisfy the punters who asked on the phone, but that she didn't do it in reality under any circumstances. How she copes with the disappointed punters I don't know, but there was probably a heavy secreted on the premises. Her flatmate was a bit surly as well.

Anyway after I lay on the bed she gave me a massage while I groped her lovely little bum. It didn't take me long to get a hard on and she then asked me if I was going to fuck her. We then had the conversation re the bareback, and once she had clarified that she didn't do bareback I was happy to proceed. She then sucked me covered for a while, and although I was enjoying it I thought I should move to the next stage as I had only booked a short visit.

She pulled down her pants and offered me her little bum, and I started to fuck her doggy. Eventually I felt the sap rising and came with a roar. I timed it just right as I had only just pulled out when there was a bang on the door.

She's lovely if you like thin girls.
