### The Story:

I started off by asking for a full personal service with snogging and reverse oral but no oral on me, for 70. Every other girl who works there agreed to this, as not giving me oral is one less service for them to give. Stacey wanted the full 80. I fished out another 10 and gave it to her. So, how come the amount paid above says 60? Read on.

She asked me to lay on the bed face up and she climbed on top of me, snogging me passionately. She's a great snogger! Next, she sat on my face with her breasts pointing towards my head. I gave her some oral, which she seemed to enjoy. She had a nice pussy. I asked about massaging her G-spot, but she doesn't like fingers inside her. Fine.

Next, she turned around and sat on my face facing the other way. Then something happened that's never happened before. She stopped and said that she couldn't carry on, because I had scabs on my cock. I pointed out that it was a bit red in places from excessive me-time, but that there were no scabs on it and that my last GUM test in Dec 2012 was all-clear. I asked her where the scabs supposedly were. She pointed to a red patch on the underside, so I scraped it hard with my fingernail to show that there wasn't a scab there, but she refused to continue. I suggested that she put two condoms on it if she was that worried, but she refused to continue.

She offered me a massage, so to save me a wasted trip, I accepted. She gave me a 3 minute so-so talcy back massage, then said that she was finished and that I had to leave, but I could have a shower if I wanted. I didn't. I asked for some money back. She gave me 20. So the 1 minute of passionate snogging was 10, the 2 minutes of reverse oral was 20 and the 5 minutes of back massage was 30.

Needless to say, she didn't kiss my cheek on the way out. It was fairly obvious that she wanted to give me the minimum service for the maximum cash. What a shame.
