### The Premises:

A clean but perhaps not entirely discreet apartment in a side street just off the Edgware Road. Very easy to get to.

### The Lady:

Everybody seems to write "she was older than her photos". Well, yes, that's the nature of photos, isn't it? She was very good looking. Her body, in particular, is exactly as it appears on the web site. She has the firmest body I have ever touched. She's toned without being muscular. Her skin is very soft. She's tanned.

### The Story:

She wore the red-and-black latex catsuit and boots that features prominently in her website pictures. She looked exactly as she does in the pictures. It was unbelievably sexy. She liked kissing a lot. Proper kissing, really slow, sensual and deep. Her oral skills were good. It was unprotected. She didn't deepthroat. She was very good in bed, quite pouty, and good natured but not very talkative or vocal. Which is a shame because she has a beautiful Croatian accent. A levels are not on the cards. In summary, I think the main appeal is the wardrobe and her superb body. If you want to get your hands on what you see in the photos, then you won't be disappointed at all.
