The Premises:

Very clean, nice apartment very close to the tube station at NOTting Hill.

The Lady:

Holy shit! When she opened the door, she had a robe on, but underneath the robe she was wearing (my favourite) fishnet body. Her breasts are something to behold, soft, smooth skin and the greatest nipples ever (what is it about chinese ladies and large nipples?) so biteable!!

The Story:

we had a good chat, and a drink beforehand, she speaks very good english, and I thought that she came across as very caring and loving.

I had a quick shower and she massaged me all over with her body, her skin is so smooth, much smoother and softer than most chinese girls.

I licked her pussy whilst she orgasmed in my mouth, her body shivering all over. Then she returned the favour...oh so soft a mouth, delectable and so sexy. I almost blew my load there and then! She teased and licked my balls, whilst she wanked my cock and teased the head.

When is came to getting to fuck her, her pussy was ever so tight, and her whimpers only made me want to come faster.

She is truly gorgeous chinese girl, and someone who I would love to see again next time I am down London!
