The Premises:

Well known flat in Milton Keynes. Very safe. At the time of night I was there was pretty quiet, but can imagine being busy during the day. Fairly grotty entrance, but room was OK.

The Lady:

The website pictures are very flattering. If I had seen her in the flesh beforehand I wouldn't have booked her. Website doesn't show any tatoos, but she was covered in them, which is a real turn off for me.

The Story:

Katie was pleasant enough and had a pretty good blow job technique. However, I was so put off by the difference in my expectation to the picture that I found the whole experience quite difficult. So much so that I decided to stick with a good thing and continue with the very good oral. Her profile says CIM, but this clearly wasn't an option as she made it clear that I was to tell her when I was cumming which I did and she finished me by hand.

All in all an OK punt for 60 quid, but I wouldn't see Katie again.
