The Premises:

Clean and tidy flat behind and above a shop on a main road. The area is safe and is a busy shopping area during the day. You have to walk up an outside staircase to get to the flat door which could be a worry for the less brazen especially as the staircase can be viewed by the beer garden of a nearby pub.

The Lady:

3 girls available. All Romanian and all with dark brown/black hair. One a little chunkier than the others but all quite pretty.

The Story:

A total rip-off. Avoid this place like the plague!

Was ordered to take my shoes off on arrival and after handing over the cash it seemed to take an age for the girls to reluctantly decide who was going to go with me. As the girl walked towards me with a sulky look on her face and then yawning this is when I should have asked for my money back and left.

The girl said her name was Veronika although her English was very poor. Another of the girls is called Vasii. She seemed reluctant to take off her clothes to start with and when she did she left her bra on. It said on her web profile that kissing was allowed but she refused. She also didn't do oral although it says she does. I then went to pull her bra down but she kept trying to stop me. When she did eventually agree I sucked her nipple gently and she jumped like I had given her an electric shock.

I had lost all interest by this stage and once again should have got dressed and tried to get some of my money back at least. She put a condom on my cock and started squeezing it while continually yawning. I came after about 10 mins and she then jumped up and started to get dressed. When I pointed out that I still had 20 mins left she said "no, you finish".

When I went downstairs I asked for half my money back but the girls began to get aggressive so I left it and put the whole sorry episode down to experience.

I would strongly advise anyone tempted by this lady's web profile to give her, and the other 2 girls, a miss. The whole thing was a rip-off and I feel like I have been mugged.
