The Premises:

A nice flat located a short walk away from St John's Wood tube station and I felt safe walking around this area. There is an entryphone, but it didnt cause any problems at all. Everything clean and welcoming.

The Lady:

Her website will give you a very good idea of the lady you are going to meet. I like my ladies fairly busty and although no specific size is mentioned on her website, a good handfull/mouthfull was enjoyed by me. I had requested beforehand that she be wearing black stockings + heels and was happy to see her wearing those.

The Story:

Everything went smoothly when setting up this booking, which is always a good sign. So arrived feeling relaxed and confident. Picked up the final directions over the phone and arrived with no fuss and stress. After quickly sorting paperwork and a soft drink, we started with some deep kissing and I knew from that point it was going to be a good visit.

My tastes are fairly vanilla, so its less about -what- we did and more about -how- things were done. A good amount of kissing and caressing as the clothes slowly started to come off gave the whole experience a warm human touch rather than feeling like she was just going through the motions.

Her blowjobs are excellent (without, for those to which it matters) and I happily enjoyed them for quite a while, followed by sex in a couple of positions. Another nice touch was laying down for a cuddle afterwards to wind down and savour the moment.

I left a very happy man.
