### The Premises:

Place not bad but not quite as good as website suggests. Shower was not in very good condition - functional.

### The Lady:

Petite and quite pretty. Good choice of underwear.

### The Story:

Nice girl with a lovely smile. Small talk about her recent holiday. Glass of water to begin with followed by french kissing.

Then off for a shower and then back to the bedroom where she was waiting in lingerie. More kissing followed by oral. Went downhill from there - oral was more of a handjob with the occasional lick and suck. Decided to stop as oral/the handjob too vigorous. Reverse oral seemed to be tolerated. On with the condom and mish, followed by doggie at her suggestion. Seemed to be going through the motions and tolerating. Thinking about it, really felt like a routine. Decided to speed up doggie and finish as she was quite unenthusiastic and it felt like shagging someone who didn't want to be there which became quite uncomfortable.

After I finished I wasn't rushed out but was clear that I should head for the shower without delay. By the time I returned, she had dressed and was sitting on the edge of the bed. Was out of the door 5 minutes later and 15 minutes early.

A bit of a shame. Got the feeling she has been doing this for a while and now is just going through the motions. Wouldn't return as many more around who provide better service.
