The Premises:

Flat near Ealing Common. Clean enough - bathroom was a bit messy but not dirty. Other than that a step back in time, all curtains were drawn, the air inside was very still and everything smelled faintly of stale cigarette smoke. Bed was clean enough but had a very very soft mattress which made for difficult sex.

The Lady:

Obviously the same girl in the photos - though she has curled her hair, isn't quite as tall and has a bit more of a weight around her middle.

The Story:

This is a two or three girls working in the same flat. Camilla asked if I wanted to meet her friends, and I was introduced to Tina and Dominica (both on the purple site and both a lot older than stated) and asked if I wanted to see either of them instead.

We talked a little - her English isn't great and then we started to kiss, though she kept her hands demurely on her lap and kissed with closed mouth and closed eyes. I got her to undress me, and then requested oral, to which she complied telling me that she didn't do CIM (at discretion on her profile, and I was freshly showered). Moved onto the bed where I discovered how soft the mattress was, after a little while settled for a massage instead.

Eventually turned over and had her suck me - warning her as requested when I was about to come, and came on her breasts.

I had toyed with asking for Dominica for the second hour instead, but the whole thing was so uninspiring that beating the traffic and getting away an hour earlier was more attractive.

If you want a cheapish punt and are able to get on with her personality wise then this is fine, I wasn't and will stay away.
