The Premises:

We met at my Hotel, she arrived looking like a well-groomed business contact, so we could use the bar and not attract any unwelcome attention.

The Lady:

Sophie is short and big, but she has a personality to carry it all. I wouldn't usually meet a larger girl but she was so friendly and easy-going that she made a "big" impression so I decided to book her at short notice. She is pretty and has a very nice smile.

The Story:

I contacted Sophie after finding I had to spend an extra night in Woking, she was prompt in replying and has that relaxed friendly manner that makes you feel comfortable about meeting with her. After having a drink we went up to the room and she delivered an excellent service. For a larger girl she was surprisingly nubile and very energetic. First class OWO and then a well presented and executed number of different positions, including a very good reverse cowgirl. No rushing and definitely a good around GFE. She is a great standard bearer for the BBW class of escort.
