The Premises:

The area at first appearance seems nice , however the area is scruffy unclean and I didn't particularly feel safe there.

Her Place OMG a newly built ground floor flat , however inside it was dirty unkempt, evidence of heavy drug and alcohol consumption.

The Lady:

Danielle is a peroxide blonde dyed waif of a women. Her appearance is unclean unkempt and unhygienic. She looked under the influence of something. Her clothes were unclean and untidy. Certainly not what is advertised.

The Story:

Danielle advertises on another well known site.

Rang up for appointment, directed me to a new build estate just off the main road into Leigh Town Centre.

Area appeared ok at first , but when I parked up , evidence of fly tipping in the area by residents. Didn't feel safe at all.

Rang Danielle directed to the rear of a ground floor apartment.

Greeted by Danielle and 3 other men sat in the living room.

Her pictures on that site did not remotely resemble what she looks like in the Flesh.

She is a peroxide dyed blonde waif of a women , who was clearly under the influence of something. She was dressed in scruffy dirty non co ordinating underwear and a dirty towelling dressing gown , high heels

The living room was dirty and scruffy and the 3 men sat in the room were obviously under the influence of something.

We went upstairs to a small room which contained a single bed with not very clean bedding and odours.

There was evidence of drug abuse on the floor.

I could hear the men downstairs laughing and joking downstairs.

I realised I had made a big mistake and quickly made my excuses and left quickly.

This is a girl that needs to be avoided like the Plague.

She should have a public health warning .

Never again.
