### The Premises:

Very clean apartment, very safe area but very difficult to find. Tom Tom dosen't recognise postcode and directions from her were awful.

### The Lady:

Early 20s long hair slim tall. Very attractive. Pictures on her page dont do her justice.

### The Story:

Firstly the directions were terrible. Gives a pub name that anyone I asked had never heard of. There are other better known landmarks that she could have mentioned. Got there eventually and the apartments seem a new build hence why sat nav. Didn't recognise it. Very clean and was led straight into the bedroom which was also clean and tidy. Now this was a 15 minute owo quickie appointmet for £30 and I know from experience not to expect too much from these. She got straight down to the oral and tried to suck it hard for about 30 seconds which started to have some effect. Then started the fastest and roughest handjob I have ever had. After about 2 minutes of that I had to tell her it was really hurting the way she was doing it. At which point she went back to the owo for about another 20 seconds and back to the HJ. I knew she just wanted this over with and there was no friendliness or attempt to make this anything like a decent punt. I made an excuse that the long walk to find the place had worn me out and I was never going to reach orgasm. I dressed and left. I am always very clean when I go to appointments and try to be very friendly with everyone I meet, even when the chemistry is not always right. Over the years I have submitted dozens of FR's some of which are now deleted, but this is the first one I have left such a negative FR on. I felt the girl had no interest at all, which is a shame cos on looks, she could do very well
