### The Premises:

A Flat on a relatively new development in March. Unfortunately, once through the door the flat had a very unkempt appearance

### The Lady:

Dark long hair, facially attractive, broad hips. Not as slim as had been described prior to my visit. Previous information had suggested Anna 'always' wears good quality lingerie, however none was evident - she was wearing a wrap around camisole type article

### The Story:

I wish I'd walked, why didn't I? This was not the GFE I had been led to expect: Anna's flat was grubby, and there was no real sign of her being near the shower recently.

I had a good firm massage. Quite quickly Anna moved to giving me oral, then popped a condom on. She was quite tight and it felt good, by now though I was feeling reluctant to join in because of the surroundings

Anna is clearly intelligent, well spoken and can hold a good conversation. I'm sure she'd be good at this and could build a good clientele if she tidied up both her flat and herself
