The Lady:

Marie is a curvy lady into her 30s with long hair and festival singer look to her image (depending on your age). She seems happily comfortable with her body, which is usually a good sign.

The Story:

Not sure which aspect of Marie's advert caught my attention but as it's usually the pics it may well have been.

What I immediately liked was her down to earth manner and accommodating manner as I showered and settled myself down on the bed for a chat and cuddle.

Things progressed very easily from then on as we seemed comfortable with each other and it also helped that nothing I moved to was anything that Marie didn't want me to do.

She was also vocal in her appreciation of what she liked.

We moved onto sex with a couple of positions and it was an extended session that was seemingly very pleasurable to both of us.

So I didn't quite know what i was walking into but Marie made it a very pleasurable and welcoming occasion.
