### The Story:

This was my third visit to Pru. I particularly enjoy roleplay and Pru is very good at this entering into the spirit of the scenario suggested and where appropriate deftly adding a little improvisation to the mix. For this visit I asked that Pru played the role of an employee (dressed very sexily as a short skirted secretary) who had falsified her CV in order to get a job with my company. On discovering her deception I offer a choice between being fired and offering me sexual favours to keep her job. I am pleased to report she took up the second option and I spent a highly enjoyable hour worshipping and caressing her delightful curves (including her very suckable nipples). We ended the session with breast relief (which Pru had introduced me to on my second visit). I knelt over her while she squeezed her large breasts around my cock while I moved my hips back and forth. I was already close to the edge and the sight and feel of my cock sliding between Pru's soft breasts quickly tipped me over it and I came over her wonderful smooth skin. As on my previous two visits Pru was friendly and made me feel very relaxed. She has a nice sense of humour and is a good conversationalist. All in all a wonderful hour away from the stresses and strains of life. Thank you Pru.
