The Premises:

Brooklynn's is a classy boudoir and, as I have been told many a times, is probably one of the better decor places in Crewe. Only thing I have spotted is the main street entrances are flanked by the main street and the side door is facing the working men's club across the way which draws some knowing stares from some of the local males nearby.

The Lady:

Young, fresh faced, college student type. A youthful body that certainly gets people going for those who like them a little young. Not stick insect thin, very slim - with short auburn hair.

The Story:

Found her pleasing to the eyes and agreeable in the bedroom department and although memorable in some aspects - her body was luxuriously soft and her oral skills very welcoming - but I found it a little rushed and awkward in my first visit but overall, I would visit her again.
