The Premises:

Quite smart and secure apartment, not too far from Stratford tube.

The Lady:

Looked good according to her pics on t'other site but the reality was unfortunately far heavier and older looking.

The Story:

Had a run of good punts so I guess that I was due a poor one and this was it.

Started with a quite rough blowy which was almost too much for my sensitive appendage but eventually had the desired result. I'd paid an extra 20 for CIM but most of it went everywhere else but in her mouth, including quite a bit over the coverlet which got her far the most animated she had been up to that point.

Didn't think that I would manage round two, but to her credit, by a combination of hand and mouth, she managed to get me off. I just did not really fancy shagging her.

She seemed quite a nice lady but I guess we just did not hit it off. But maybe I'm been old fashioned in thinking that I'm paying her my hard earned cash to pretend a little that we are having fun instead of just another distasteful task.
