The Premises:

Small ground floor room in shared flat. Builders working in back garden only couple of yards away from window, meaning that window and curtains were closed on a very hot day.

The Lady:

Slim olive-skinned girl. Not unattractive, but clearly not the girl in AW profile pics - most notably in having dramatically smaller tits.

The Story:

Gambled and lost on a recent visit to Oxford. My first choice lady didn't answer the phone so tried Katalina (or Sarah as she later told me) on the back of a credible-looking AW profile (with no feedback).

Called beforehand and spoke to someone to confirm my preferred services were on offer, but when I got there she spoke no English, so another girl must have initially answered the phone. Katalina/Sarah spoke Spanish to me (which didn't help much), and certainly wasn't the girl in the AW profile pics. The inability to communicate put a dampener on things as she didn't understand a word as I tried to explain what I wanted.

She started by putting a condom on me and giving a mediocre covered BJ for a couple of minutes before gesturing for me to fuck her. I declined and got her to lie back and I then risked stubble-rash as I gave her reverse oral for a while as she lay there motionless and disinterested.

I was in the mood for anal play and a prostate massage, which was specifically mentioned on her AW profile, and I had to resort to the international language of mime to explain this was what I wanted. This led to a ridiculous and failed attempt by her to charge an extra £50 (yes, fifty) on top of her advertised £120 for an hour.

Anyway, she duly stuck her fingers up my arse while I wanked myself off into the condom.

So, less than 40 minutes after arriving, I was pulling my clothes back onto my sweaty body in her hot and airless room, and on my way back out of the door.

Very disappointing.....
