The Premises:

My place and given the cleaners had just been - immaculate

The Lady:

Immaculate with a slight oriental look that your not quite sure about being just your imagination. Not an ounce of fat to be found anywhere.

The Story:

Very engaging both verbally and sexually. Difficult to imagine a more erotic mixture of girlfriend experience with outright lust. I'm sure if you let her she would dominate the entire pleasurable experience - but whilst I like women to take the lead, for me control is a two way thing.

Not going into graphic details, but a bit like the slogan for Optimax (the laser eye surgery people) you will wonder why you put it off - something you will never regret gentlemen (and I don't mean eye surgery).

It was a joy.
