The Premises:

Nice clean ground floor flat in a modern block with a separate front door. Safe area close to railway station. Free (1 hour) street parking within about 300 yards.

The Lady:

Pretty, petite, 30-something year old with skin like silk. Long soft blonde hair (totally out of control!!). Fully shaven pubes. Slightly maternal breasts. Her photos are accurate.

The Story:

Working as Ashley but aka Abbie, she is Polish and not Russian as suggested by her Interview on AW. I was met with a friendly greeting and a kiss as I came into the (shared) flat and she soon returned to the bedroom after sorting out the finances. A kiss and cuddle standing up was soon changed from vertical to horizontal to reduce the difference in our height. This was gradually combined with completion of our undressing each other. Abbie has the most silky skin I have ever encountered and I could not stop stroking her throughout the session. She responded enthusiastically to my oral attentions, culminating in a, totally unfeigned, shuddering climax, which was followed by another cuddle while she recovered. Then it was my turn and she gave me a great BBBJ, with plenty of licking as well as sucking, until I had to tell her to stop before I boiled over. From there we moved on to cowgirl, doggie and finally mish (to completion) all of which was excellent. I don't post FRs unless I have an especially good or especially bad time and this was right up there with the best. She told me that she particularly enjoyed seeing older clients, which category definitely includes me. I'll certainly be back. Highly recommended.
