The Premises:

This was a well known hotel in a central part of London. It's conveniently within 5 minutes walk from the tube station.

The Lady:

Hannah is indeed a very pretty lady as can be seen on her profile, however her profile pictures are not professionally done, but they still portray her beauty.

In my view, she is much better looking than her pictures suggest which is a very pleasant surprise.

The Story:

In general, I tend not to book ladies younger than 25 as they more often than not only offer plain vanilla sex which I can get at home.

However, I made an exception just after seeing her profile. I am glad I did.

Hannah is probably between 19 and 21 but between the sheets she has sexual experience of 30 year old woman.

She is full of surprises, her profile doesn't mention that she does anal and I went to see her on the basis that it would not be on offer but again I was simply blown away when half-way through the session she demanded for anal and we had various anal positions during the session. All services stated on her profile and much more are offered.

I know of course she is doing it for the money, but I also think (Personal view obviously) that in her private life she is a very sexual person that simply adores sex.

She went the extra mile and beyond to ensure I left a happy man, well I got that and much more and my only regret was that I couldn't extend the booking due to prior engagement.

Would I see her again? absolutely will be booking her again and again.
