The Premises:

An outcall to my home, which Gabriella had to drive to. My house is over an hour drive for her, but she was very willing to drive to me.

The Lady:

Have a look at her pictures on website, then times it by about 3 and you will get a stunning looking lady. Honestly Gabriella looks great in the pictures on website, but is a lot lot better in the flesh. Quite simply a stunning looking lady.

The Story:

I have thought long and hard about posting a report for Gabriella, for one very simple reason. I would hate it, if because of this report, she becomes so busy, I will find it difficult to get another booking. Honestly guys, without going into the nitty gritty of what when on between us, all I will say is, I was blown away by this encounter. In 25 years, I have never come anywhere near meeting a lady, who gives it her all, in the way Gabriella did. It was everything and lots lots more than I ever expected. Not only is she a stunning looking lady, with a lovely personality, and a real nice person, she is also a very naughty, dirty lady who gives it her best. I will definitely be booking her again, without doubt.

I would also like to say, that the lady who runs the agency and takes the bookings is most helpful and really does like to make sure any of her ladies are safe. She also informed me that she only takes on good, dependable and classy ladies, well you just have to view them on all the website, and indeed they do all look lovely and classy.

This was without doubt the best experience in all my years at this, from speaking to the agency, to having fun with Gabriella, it was a first class experience.
