The Lady:

Aisha a beautiful Indian Lady

The Story:

Aisha kissed me as I opened my hotel room door. We sat down for a drink and a chat, after this what happened is between her and me, but one thing I must say at no point did she ask for money although it was our first meeting and when she was ready to go (15 minutes overtime) I gave her the cash. She made my day with her company and will see her again and again. Thank you Aisha for the beautiful company.
