### The Story:

I thought the prior reviewer was a little OTT (though to be fair we and they all have our good and bad days). There is no doubt that Spice is very attractive and professional but I found her a little detached. She was very attentive in OWO and followed my detailed requests obediently but when it came to penetration she was quite mechanical and would not let me have full penetration. Ok, I have a big one (she said the biggest she has ever seen - but that cannot be so) and do not force myself so made the best of it. Still, on a good day and if you have a smaller dick she could be excellent.
