Not exactly like her pictures but very cute nonetheless. Short, nice arse, ample tits.

The Story:

Went for Valesca as I wanted an a'level girl. Was told that she'd had some great reviews recently by agency, so submitted.

She's not exactly like in her photos, but then who ever is? Maybe one day photoshop will be destroyed. Still she's very attractive and curvaceous. We sorted out the cash, then it was down to business. She started with a slow lapdance, grinding on me until I was hard. With only an hour I didn't want to spend too much time building up. She gave me OWO, and my cock looked massive in her hands, big turn on! We played around with straight sex for a few minutes then I told her I wanted to do anal, she obliged and I got stuck (poor phrasing!) in. She has an incredible arse for it and was bouncing up and down on my cock like a trooper. Great a'level experience - would recommend for those hardy souls like me who need a special punt to get excited about.
