### The Premises:

Flat in a block in a cul-de-sac near the centre of Slough, but a quiet, safe area, though I was lucky to get one of a limited number of free one-hour parking spaces nearby (had a ticket on a previous visit!). As this suggests, the flat is used by a number of different girls, but it seems a good set-up.

### The Lady:

Black-haired Polish lady - may well be older than her advertised 35, but is certainly slim and toned with firm natural breasts and perky nipples. Some pubic hair (which is a bonus in my book), but well trimmed.

### The Story:

My first report for almost two years. During this time there have been few bad punts but plenty of mediocre ones. Lisa, however, has something rather special, which made this a great experience despite some reservations (I was out in 40 minutes having paid her hourly rate). The two major plus points were the enthusiasm and sensitivity of her kissing and her responsiveness to RO - her oral skills were also pretty good, leading to a quick first coming for me, followed by some very relaxing massage. After going down on her, which was a most rewarding experience, the second round was a hard missionary fuck, which she seemed to love. Her English is not great, but this was excellent value for money overall and I can definitely see myself going back, which I've not felt about any girl for quite a while.
