The Premises:

Very easy to find, located close to the rear entrance to Earls Court tube station. The outside of the building looks quite old and run down, but the inside was very nice and comfortable. Rang the bell but had to wait for her to open the front door as entryphone not working. Inside of flat was nicely decorated and relaxing.

The Lady:

Short, although probably 'normal' for an oriental girl, maybe 5ft. Long black hair. Slim. Pretty.

The Story:

Normally I don't feel compelled to write reviews, in fact, I don't often get the opportunity to see escorts, but I'll make a special exception as I've been left walking on air. I noticed a new girl on Olinas site that I thought I'd seen about 2 or 3 years ago when she went by the name of Tanya. The receptionist confirmed it was the same girl and we set up the appointment for the same day.

I found the flat easy and rang the bell. I had to wait for her to come and open the main door to the building, but when she got to the door, it was a worthy wait. She has a fantastic, slim body. Somehow she looked younger than last time I saw her. Her face looked fresher and her boobs were certainly bigger :)

When we got into the room she kissed and fondled me, grabbing my cock through my pants. I got excited and she pushed me onto the sofa, dancing and grinding on top of me and pushing her chest into my face. Good start.

She helped me wash in the shower quickly and took me to the bedroom. she was stripped off and led on the bed in just her g-string and highheels. I joined her and she slid on top of me before heading south. She licked all the way up from my toes to my balls before starting to suck my cock and rimming me. There was only so much I could take before I had to turn her over and fuck her doggystyle. I didn't last long, and quickly came all over her beautiful breasts.

She went to clean herself off, returned with a glass of wine, and asked me to lie on my front so she could massage me. It was quite theraputic, with scented oils, but at the same time managed to feel like it really released some muscle tension. She spent about 15 minutes massaging my legs, back and neck.

After my massage she said that she would suprise me and that I should close my eyes. A few minutes later she returned dressed as a naughty school girl, tied me up, and brought out a box of toys. She told me that I was her slave, but that she was here to help me, before pulling out a plastic cock and started to fuck herself with it in front of me. I got horny, my cock hardened, and she started to suck it whilst still fucking herself with her toy. Still tied up, she climbed on top of me and rode me. I came bigger than I care to remember, and the vision of her on top of me burnt into my eyes.

I'd definitely recommend Lunar/Tanya. She blew my senses. She was one of my favorite girls before, and she's back there again now. I'll definitely be returning, especially given she told me she had some more tricks to teach me next time :)
