The Premises:

Sloane Avenue apartment, small flat shared with two other girls, very basic. She had some very loud music from her home country playing throughout the entire session.

The Lady:

Same girls as on the photos, but nowhere near as pretty in real, no make up and looked like she was about to go to bed. Her body was tight but not as busty as the photos would make it look like. She was wearing a bath robe and slippers which should have told me enough to turn around and leave right then.

The Story:

Probably the worst punt I've ever had, no kissing, a quick covered BJ and then she climbed on top of me. I just wanted to get it over with so finished up in Doggy style. Chatted for a while and she was very nice, meanwhile her room mate kept coming into the room asking to borrow her shoes, then 5 minutes later a phone charger, then there were a number of text messages she had to look at, and finally I was told, (with 15 minutes left of the hour) that she had another client and I had to leave...Should have just stayed home and had a good wank...complete waste of time and money.
